

From the desk of Bill Killen, CFO, FIFireE

## NEWS RELEASE

October 11, 2013

The second edition of ***“Firefighting With Henry’s Model T”*** is a major improvement of the 2008 edition and is twice the size of the first edition featuring hundreds of color as well as black and white photographs of firefighting apparatus built on the venerable Ford Model T chassis.

The second edition features interesting stories of unique brands such as the Hallock Chemical Engine, the history of several fire departments where their first motorized fire apparatus was a Model T Ford and Model T fire apparatus from Australia, Canada, New Zealand, United Kingdom and Finland.

Proceeds from Firefighting with Henry’s Model T benefit the ***International Association of Fire Chiefs Foundation***, Model T Ford Club of America Museum, Model T Ford Club International Scholarship Program, National Fallen Firefighters Foundation, Canadian Fallen Firefighters Foundation, and the National Fire Heritage Center.

Send \$35 + \$6 (US) or \$35 + \$10 (Canada) shipping per book payable to: **Bill Killen** and mailed to: Bill Killen, 526 Whitetail Road, Church Hill, TN 37642.

Books will be shipped beginning in November, 2013.
